Annexation Policy Is Key Issue Assemblyman Candidate Forum Here

Assemblyman Bruce Allen and Spencer Williams, both candidates for the 29th Assembly District seat, spoke at a public forum Tuesday evening sponsored by the Campbell Republican Assembly in the Campbell Elementary School cafeteria.

Parker Hathaway, also a candidate, was invited but was unable to attend because of a city council meeting in San Jose where he is mayor.

Allen discussed the state budget, stressing the need for new schools and classrooms, new prison facilities, additional mental hospitals and in the future, expanded state college facilities to take care of the enormous group of students now attending high and grammar schools.

This expansion program he said boils down to a tax increase and the legislature must find new sources of money. The protected interests are the ones that he feels must be tapped such as the breweries and race tracks which are now paying lower taxes than in other states.

The legislative auditor has recommended that the state recreation commission be done away with because it has outlived its function which was to assist cities and counties in establishing recreation facilities after the war. Doing away with this agency would save the state government \$100,000 dollars a year according to Allen.

He closed his talk with an explanation of the good government movement which he said was "the most important and far-reaching development in the assembly". The aim of the group the candidate stated is to make the machinery

Three Churches Plan New Buildings

Committee Named For New Building By Local Church

Purchase of the three acre site at Carlyn and Campbell avenues for the Congregational Church of Campbell and authorization by the trustees to sell church property now used on Central avenue was confirmed Sunday by a vote of the congregation. Negotiations for property sale would call for partial use of facilities during the period of building the new church, it was indicated.

Rev. Corwin Olds, pastor, said yesterday that Mrs. Dorothy Royce has been named chairman of the new building committee with a committee including H. A. Dearborn, Don Hartman, Richard W. Morton, Werner Raab, Laurence Schaper, Floyd Munson, Mrs. Frank Blair and Mrs. Roy Archibald.

Dr. Wm. Davil Pratt, superintendent of the Northern California Congregational Conference, will conduct both sermons at the Congregational Church Sunday.

An announcement has been made of the forthcoming rummage sale to be held in San Jose June 2, 3, 4. Those persons with articles of rummage to contribute are asked to contact Mrs. L. O. Faulkner, FR 8-4383, or deliver all items to the Faulkner garage at 214 Rosemary Lane.

Approximately two acres were acquired for this purpose in February. Plans are to start construction as soon as permits are granted and the plans all approved, according to Rev. James Warren, pastor.

Gordon Perske was hired to do the architectural work. Financing will be done through the issuance of Broadway Church Building Bonds.

Campbell Man Is Back From Aussie Installation Job

S. Howell Creed of 727 Ridgeley Ave., Campbell, recently returned from a three-month business trip to Australia for Food Machinery and Chemical Corporation in San Jose.

Creed made the trip to do research and development on pear and peach preparation equipment. Almost all of his time was spent at the company plant in Melbourne.

He remarked that equipment for canning in Australia was fairly comparable with what we have here but that all of the plants have not as yet installed comparable machinery.

Very little freezing is being done in Australia according to Creed but almost all products that we can here are also canned in that country such as peas, tomatoes, peaches and pears.

Creed made the trip both ways by air and on the return flight spent two days in the Hawaiian Islands.

Hamilton School Planning A Picnic

Hamilton School PTA is holding a pot-luck style picnic at Adobe Creek Lodge, Gate 1, this Sunday at 1:30 p. m.

Fellowship Hall To Be First Unit Methodist Church

The mortgage on the three acre site on Winchester for the Campbell Methodist Church, was burned Sunday in a ceremony indicating title to the property is clear and that there are now means with which to proceed with the building of new church facilities for the 505 active members of the congregation. A fellowship hall 48 by 72 plus a platform, dressing room and kitchen is to be the first unit, according to action by the board of directors and membership Tuesday night. It would have a capacity to seat 500 on benches or 350 at tables.

The site, which is between Hamilton and Latimer avenues would also eventually provide for a sanctuary, chancel, choir room, religious education building, fifteen classrooms and two youth parlors. There would be a youth recreation court, a children's play area and fellowship court, according to approved plans which also call for an offstreet parking area for 93 cars.

Ground breaking has been tentatively set for September 15. Rev. Herbert Neale, the pastor, said the new facilities when completed, will be adequate for 1100 members.

Broken Gas Main Halts Traffic On Hamilton Avenue

Traffic on Hamilton Avenue was blocked Monday for approximately one hour while P. G. & E. repairmen fixed a broken gas pipe.

A lateral main was broken by a ditch-digger belonging to A. G. Lantz, contractor.

Campbell Fire Department was called to the scene of the break on the corner of Hamilton Avenue and San Jose-Los Gatos Road at 1:05 p. m. and stood by until 2:40 p. m.

San Jose Cop Talks To Campbell Rotary

Ray Blackmore, San Jose Police Chief, spoke on "Crime and Its Problems in an Expanding Population" at the Monday meeting of the Campbell Rotary Club in I. O. O. F. Hall.

Blackmore stated in his talk that law enforcement bodies are faced with large problems due to the influx of people into the state of California and outlined some of the individual types of crime that police departments must deal with.

He predicted how the change of the area from farming to manufacturing can well bring about a decrease in the rate of crime.

The police chief also recommended spiritual guidance in the church as a deterrent to crime.

He stressed the importance of the prisoner's attitude in the granting of parole and explained how the parole system works.

The speaker was introduced by Frank Accardi, chairman of the day.

Instead of the regular noon meeting next Monday, club members will gather at Villa Felice at 7:00 p. m.

Cambrian Plaza Promenade Aids Cancer Crusade

A large crowd attended the Cambrian Park Fashion Show last Wednesday evening, in the Plaza Courtyard, proceeds from which enabled the Los Gatos-Saratoga area to exceed its \$1400 quota in the current Cancer Fund appeal, and to be the first community in the northern part of the county to go over the top.

Fashions shown were from Julie's Knit Shop, Gracie's Leone Van Arsdale's, Bernie Dale's, the Waiting Wardrobe, and the Creative Shop, and the Park Kiddie Shop.

Serving on the various committees were Mrs. Yale Nelson, Mrs. Anthony Balardi, John Banks, Delos Bagby, and Mr. and Mrs. Paul Schaffer.

Campbell Short In Cancer Fund Drive

Campbell has fallen way behind the other communities in Santa Clara County in the American Cancer Society Drive according to Mayor Richard Morton of Campbell, county chairman for the campaign.

To date only \$371.50 of the \$1,000 quota has been met.

Mrs. Howard Keech, Campbell chairman, at the beginning of the campaign stated that a solicitation letter would be the only method of collection. This method has proved unsuccessful so follow-up letters are being sent out today.

Everyone who has not given to this worthy cause is asked to do so at once so that Campbell will meet the quota set.

Los Gatos has gone over the top with a third of the population of Campbell.

Funds should be sent to American Cancer Society, Box 818, Campbell.

Annexation of the 5.04 acres on the westerly limits of Campbell, known as the Albert G. Warning tract, was approved at an adjourned meeting of the city council Monday evening, with the first reading of an annexation ordinance. The tract is 687 feet in length between Hardy avenue and Arroyo San Tomas Aquina and is 319 feet wide facing Campbell avenue and set back 175 feet and extending toward Latimer avenue.

A twenty foot easement is provided for the tract from Llewellyn avenue to the north.

A representative of the Telephone Company was granted permission to erect a sandwich style sign on Second street next Thursday and Friday when open house is to be held at the Campbell plant of the Telephone company.

City Clerk Dorothy Treveltham gave the oath of office to John Kahle, newly appointed member of the Campbell planning commission, succeeding John Chargin, now a member of the city council.

Councilmen Gordon Daum and Chargin are to attend a meeting of the League of Cities today at Alviso at which time Assemblyman Richard Dolwig will discuss the Reber plan and what it could do for the lower bay area.

PINCER ANNEXATIONS

On Flag Day, June 14, in the city hall at San Jose, a hearing is scheduled for eight o'clock in the evening for annexation to San Jose of Cambrian No. 1 lands. This is a strip which lashes at the Campbell limits to the east, setting up a buffer between Cambrian Park and Campbell.

The San Jose big-wigs want to annex the site of the new Camden high school which is in the Campbell high school district and there seems nothing we can do about it. They seek to encircle Cambrian Park by strip annexations. Already they have encircled more than half of Campbell by sending out a strip across Winchester Road, this side of Stevens Creek Road.

An imaginary line from the westerly limits of San Jose beyond Winchester Road, the southeasterly limits at Cambrian Park would put eighty percent of Campbell within the hungry jaws of San Jose, and they are still on the move. We can ill-afford to be lackadaisical about this sort of aggression. There are fringe areas which rightfully belong to Campbell and its trading area, its school system, its telephone system and its postal delivery service.

These areas we should define and set about to protect against this pincer movement. Seems as if we are going to have to be aggressive — and soon, if Campbell is to expand to its natural limits. The time is now. Tomorrow may be too late.

Happiness is not always to be measured by the amount of money a man may have. The fellow with ten million dollars may be no happier at heart than the man with only nine million salted away.

CAMPBELL, THE MUSIC CENTER

Some two hundred students from Campbell high school took honors in behalf of the city recently for performances at San Francisco in music, competing with ten thousand students from other northern California schools. The band, the choir, and the orchestra received outstanding ratings, as also did soloists and ensembles.

Saturday in Campbell there was music in the air as more than 3000 musicians from 35 accredited Santa Clara County schools were heard at the Grammar School. This music festival was the first all-county music program presented by instrumental teachers in the county and it was one of the most successful gatherings of musicians on the elementary school level in the history of the county.

There is an appreciation of music in Campbell, and it is good for the community. A city having music appreciation is building community character, something of intangible strength. A city with music lives in the hearts of its people.

BIKES AND MOTOR CARS

The bicycle ordinance which the city council will introduce next Monday evening, is for the good of the owners, and is not to be a hardship. The way it is set up, a dollar license is the initial and final payment unless there is a transfer of ownership or if the license is lost. Too often, bicycles are stolen or lost, and if registered they may then be recovered. Attempts to sell a stolen bicycle often lead to an arrest when numbers are checked.

The problem of the bicycle all started back near 1813 when Baron von Drais invented what was to become known as the draisin or running bicycle, on which the rider was obliged to get his ride by running, then raising his feet up until his bike lost momentum. About a quarter of a century later, in 1839, a Scottish blacksmith by the name of Kirkpatrick MacMillan designed and built what is reputed to be the first real bicycle. And in the gay nineties of that same century, the bicycle came into its own when tens of thousands of Americans cluttered streets and highways with the two-wheeled contraptions.

In the gay nineties, however, the accident problem wasn't a very great one, for at that time, there were few automobiles around to compete with the bicycles on the road.

Bicycle riders, whatever age they might be, must learn that as part of the stream of traffic, they must obey the rules set down for that traffic. Motorists must realize that the bicycle rider has a right to the streets and highways, too, and should treat him with consideration.

SIGNS OF THE TIMES The youngsters who keep going to the Cambrian Restaurant at the corner of Union and Los Gatos-San Jose road for ice water in a paper cup, now get icy stares along with the ice water from Al Bethel, the good-natured cook and owner, who is wise to what they are up to outside in emptying a penny envelope of powdered fruit-ade into the water to make their own soda pop, which Al says is unfair competition to his fountain except that they're just kids and how can you get tough with them when they ask for it in such a nice way... the open house at the telephone company offices in Campbell next Thursday and Friday will let us in on how the telephone system has developed so rapidly in Campbell and outlying areas, quite a change from the way Aunt Bess used to crank the phone and listen in on the party line.

THE TRAFFIC SURVEY report issued May 7 by the planning

How Does Campbell High School Prepare Graduates For Post High School Life?

By JULES LANGLO

Vocational guidance is an important phase of the four-year course at Campbell Union High School. In the ninth grade, students make units on vocations in which they explore various fields of interest. Through high school they have a wide choice of subjects to ascertain ability and interests, including agriculture, music, art, business, shop or strictly academic subjects.

In the senior year the student may include social studies in which they study vocational and college opportunities and the proper adjustment to their life after high school. This includes marriage and family relations.

Classroom counseling in preparation for future life is provided in U. S. History classes in which all seniors are enrolled. American history instructors serve as counselors for individual guidance and as a source of aid and information. In addition, the high school provides one full time senior counselor who guides the information and counseling program and is a further source of guidance and information for each individual. Information is dispersed in various ways. These include the senior bulletin board, U. S. history teachers and classrooms, the library, and the senior counselor's office and may include job opportunities, examination dates, visiting days to college, hospitals, or other institutions.

Representatives from the junior colleges, regular universities, and a variety of vocational fields visit the school to give talks and provide specific information to smaller interest groups. College bulletins from all sections of the United States are on file and accessible to students any time.

Highlight of the senior year is the "Job Forum". Representatives from various industries provide information on how to go about finding a job, what the student needs and should do, what employers look for in an employee, what opportunities are available, and what is expected of an interviewee in a job interview.

Education is the preparation for future life. This is the foremost thought in the minds of all teachers whether it be an English class, world history debate, or typing practice. The student is constantly confronted with thoughts about his possible future all through high school. Education for life is not only the accumulation of facts or tools with which to earn a livelihood; it is an opportunity for the individual to explore the world in which he lives and to help him discover his abilities and interests so that his life may be fuller and more complete. Society benefits the most when every individual finds his proper place in that society. Schools provide the opportunity of learning, but the individual must provide the interest and the effort.

Hawley Promises Action If Elected To Sheriff Office

Once again attacking his incumbent opponent for what he terms "a complete lack of administrative ability and an apparent refusal to accept the responsibilities of the office", Melvin L. Hawley, 34 year old former deputy district attorney, scheduled a full week of activity in his campaign for Sheriff of Santa Clara County. Hawley, introduced at Monday night's meeting of the Gilroy Kiwanis Club, pulled no punches in his blistering attack on the present Sheriff's record during the past four years.

"The incumbent's campaign literature indicates he is most satisfied with the present condition of the county jail, and quotes him as saying he has done his best... if his actions of the past four years represent his best efforts, then they are the best indications that a change is necessary," said Hawley.

"In running for the office of Sheriff I do so with the knowledge that the job requires full-time devotion from the Sheriff himself, not the half-hearted indifference that has been shown in recent years at the expense of the taxpayers," continued Hawley.

Hawley spent Monday visiting various industries in the area of San Jose. Tuesday he campaigned in Sunnyvale, and Tuesday night he was present at a "candidate's meeting" of the San Jose Junior Chamber of Commerce. On Wednesday Hawley spoke before the Los Altos Rotary Club and attended a CSO meeting in San Jose last night.

Who is Melvin Hawley?

DAILY PALO ALTO TIMES, WEDNESDAY, MAY 5, 1954

EDITORIALS

Hawley is the man for SC County sheriff

Santa Clara County citizens have not felt a sense of confidence in their sheriff for more than 25 years, except for the brief interim during which Col. Walter S. Gaspar picked up the pieces following William J. Emig's conspiracy conviction.

It is not necessary here to recall the alternating regimes of Emig and George W. Lyle, nor to remind the public of the 1950 grand jury's charges against the incumbent sheriff.

What matters is that the county now has a chance to elect a sheriff of demonstrated intelligence and integrity, a man with law enforcement experience but no entanglement with the network in which the present sheriff is enmeshed.

That man is 33-year-old Melvin L. Hawley of Los Altos.

Hawley gave up a job as deputy district attorney to run for the sheriff's post. In the DA's office, he was engaged in criminal investigation and prosecution. He knows the ways of crime rings and realizes that law enforcement is a tough business.

But he also knows there is a tremendous constructive job to be done in preventing crime and restoring offenders to useful citizenship. His program calls for creation of a citizens' advisory committee on these problems.

Hawley has had both training and experience in administration, the field in which the present sheriff has been notably weak.

He would bring to the sheriff's job a broad concept of his responsibility, a trained mind—he holds degrees from Yale and the Stanford Law School, and courage tested under one kind of fire in the U.S. Air Force and under another kind in the district attorney's office.

In supporting Mel Hawley for sheriff, we join forces with a strong bipartisan group of citizens who believe that election of such a man is the country's best hope of ending conditions that have disgraced us for decades.

"Speeders" speed up line patrolling. Many of Pacific Telephone's long distance lines must cross rugged country that's hard to reach on foot. But in cases where out-of-the-way lines parallel a railroad, telephone crews often patrol them in specially designed speeders like the one above. Summer or winter, these handy little vehicles click off mileage in a hurry, hustle men and equipment to make repairs when they're needed. By saving valuable time, they help us cut costs, hold down the price of telephone service. Pacific Telephone works to make your telephone a bigger value every day.

More Annexation Policy Key Assembly Issue

(Continued from Page One)

this last session does improve the laws as regards narcotics.

During the question period following Allen was asked to explain ABL, the law involving the annexation of school districts. He said that the law now treats charter cities in the same way that sixth class cities such as Campbell have been treated for years.

Williams in his talk had said that the bill was stop-gap legislation in that cities still have the optional power to annex school districts.

Allen answered this by saying that The League of California Cities used pressure to have the bill amended granting this option, an amendment that Allen fought. However, he stated another amendment was added to stop cities "stealing" school buildings, providing that cities must completely surround a school before they can annex it and that once a city has annexed land it can not come back and later annex the school.

Major H. E. Lillingston, president of the Campbell Republican Assembly presided, and Lee Rodgers of Palo Alto, regional director of the California State Republican Assembly served as moderator.

Mrs. Henry Frank of Los Gatos announced that Congressman Charles Gubser will speak at the Los Gatos American Legion Hall June 2 at 8:00 p. m. at a meeting of the Los Gatos-Saratoga Republican Assembly and invited the Campbell group to attend.

Announcement was also made that James Silliman, candidate for lieutenant governor, will be the featured speaker at a luncheon May 26 at the DeAnza Hotel in San Jose.

Serving on the evening program are Mrs. Arthur Smith, decorations, Mrs. L. C. Fairchild and Mrs. Glen Knowles, food, and Mrs. Herbert Myring, table committee chairman.

At the past meeting of May 12, the nominating committee was elected. Mrs. J. A. McFall, chairman, will be assisted by committee members Annie Tatum, Mrs. Rex Kaber, Mrs. Wm. Burch, and Mrs. Herbert Myring.
